Heartfelt Thank You from Dr John

As you probably already know, since April I have limited my schedule leading into a new status called retirement. Drs. Brad Kegler and Matt McMillan will assume your dental treatment. They are excellent compassionate dentists and will take great care of you. I will still be available to aid in the transition and for consultation.

A 44-year dental career is not achievable without the support of many people in which I owe a debt of gratitude. First, Drs A.G. and Dan Kegler who hired me as an associate dentist 42 years ago. Their mentorship helped the growth of my abilities and establish a successful practice.

My staff, who are the most hard-working professional group you can find. God bless them for tolerating all my idiosyncrasies and pet-peeves.

Drs. Brad and Matt, it's a pleasure working with you and making the stress of the practice fun.

My spouse Connie and my family for putting up with late nights at the office, out of town dental meetings and after-hours emergency calls. Your support is second to none.

Lastly, you my patients for the loyalty and confidence you placed in me with your dental care. It's been a joy treating you, watching your families grow and visiting with you throughout the years. I will miss those chats. Hopefully my dentistry helped maintain your health and well-being.

42 years ago, when I first moved to Independence, I arrived with much trepidation. The community's welcoming hospitality grew on me. I cannot think of a better place to live, work and raise a family. I've been blessed and will be forever grateful.

Thank you so much,

John Arend DDS
